Career Objective

Aspiring Full Stack Developer with hands-on experience in MERN Stack, FastAPI, and Data Science (NumPy, Pandas, scikit-learn). Passionate about building responsive UIs, intuitive user experiences, and data-driven applications.

Technical Skills

- **Languages:** HTML, CSS, JavaScript, Python, C
- **Frameworks & Libraries:** React.js, Node.js, Express.js, FastAPI, Bootstrap
- **Databases:** MySQL, SQL, MongoDB
- **Data Science & ML** NumPy, Pandas, Scikit-learn, spaCy
- **Development Tools:** Visual Studio Code, Figma, Adobe XD
- **Database Tools:** SQL Server, DBeaver, MongoDB Compass
- **Version Control:** Git, GitHub
- **Concepts & Technologies:** OOP, REST APIs, Socket.IO

Experience

Software Developer Intern | Vidhema Technologies

Jun 2025 – Aug 2025

- Worked on live MERN stack projects (MongoDB, Express.js, React.js, Node.js).
- Built features such as CRUD APIs, JWT authentication, OTP verification, real-time chat, and dynamic filtering.
- Gained hands-on experience in full-stack development, UI/UX improvement, and API integration.
- Collaborated with an Agile team and used Git, Postman, and debugging tools for project development.

Web Development Intern | Inhouse

Jul 2024 – Jul 2024

- Designed responsive web pages, improving mobile usability and reducing UI/UX issues by 30%.
- Improved front-end performance and user experience through optimized HTML, CSS, and JavaScript implementations.

Projects

AI Home Assistant | MERN Stack, FastAPI, NLP, Machine Learning

- Developed an AI-powered system to analyze household issues and provide real-time troubleshooting guidance before expert arrival.
- Built a responsive frontend using React (MERN) for user input and displaying AI suggestions and expert listings.
- Integrated FastAPI as a separate AI service for NLP-based problem classification and urgency detection.
- Utilized spaCy and Scikit-learn for text analysis and recommendation system to suggest nearby service providers.

InsightAlly | React.js, Node.js, Express.js, MongoDB, REST APIs

- Built an interactive web interface using React, Node.js and Express.js to connect college students with alumni for mentorship and guidance.
- Developed simple backend functionality using Java to handle user login, mentor matching, and session management.
- Used MySQL to store and retrieve data like student profiles, mentor availability, and session records.
- Integrated basic video call functionality using WebRTC to enable real-time communication between students and mentors.

Education

Swami Keshvanand Institute of Technology, Jaipur

Sep 2023 – Present

Bachelor of Technology in Electronics and Communication Engineering

Blue Heaven Vidyalaya, Jaipur

2022 – 2023

Intermediate / +2

Blue Heaven Vidyalaya, Jaipur

2020 – 2021

High School

Certifications

- HackerRank - MERN SQL,Software Engineer Intern
- Google Cloud Certified
- AWS Certified
